PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Thursday, April 22, 2004

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CIRCOR International, Inc. (the "Company") for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, April 22, 2004 at 10:00 a.m., Eastern Time, and any adjournments or postponements thereof (the "Annual Meeting"). The Annual Meeting will be held at the Spartanburg Marriott Renaissance Park, 299 North Church Street, Spartanburg, South Carolina 29306, near the offices of the Company's subsidiary, Hoke, Incorporated.

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of two Class II Directors for a three-year term each, such term to continue until the Annual Meeting of Stockholders in 2007 and until each such Director's successor is duly elected and qualified;
2. The ratification of the selection of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 ("Fiscal 2004"); and
3. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about March 23, 2004 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 5, 2004 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$.01 per share (the "Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 15,307,527 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 113 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect each nominee as a Director of the Company and a majority of the votes cast is necessary to ratify the selection of the independent auditors.

Shares that reflect abstentions or “broker non-votes” (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. With respect to the election of the Director, votes may be cast for or withheld from the nominee. Votes cast for the nominee will count as “yes” votes; votes that are withheld from the nominee will not be voted with respect to the election of the nominee although they will be counted when determining whether there is a quorum. Broker non-votes will have no effect on the outcome of the election of Director.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted “FOR” the election of the nominees for Director listed in this Proxy Statement and “FOR” the ratification of the selection of the independent auditors. It is not anticipated that any matters other than the election of Directors and the ratification of the selection of independent auditors will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary or Assistant Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report to stockholders of the Company, which includes the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2003 (“Fiscal 2003”) is being mailed to stockholders of the Company concurrently with this Proxy Statement. Except where otherwise incorporated by reference, the Annual Report and Annual Report on Form 10-K, are not a part of the proxy solicitation material.

CORPORATE GOVERNANCE

Independence of Directors

The Company’s Board of Directors has affirmatively determined that each Director, other than David A. Bloss, Sr., our Chief Executive Officer, is independent of the Company. In evaluating the independence of each Director, the Board applied the standards and guidelines set forth in the applicable New York Stock Exchange (“NYSE”) regulations in determining that each non-management Director has no material relationship with the Company, either directly or as a partner, shareholder or affiliate of an organization that has a relationship with the Company. The bases for the Board’s determination include, but are not limited to, the following:

- Other than Mr. Bloss, no Director is an employee of the Company or its subsidiaries or affiliates.
- No Director has an immediate family member who is an officer of the Company or its subsidiaries or has any other current or past material relationship with the Company.
- Other than Mr. Bloss, no Director receives, or in the past three years, has received any compensation from the Company other than compensation for services as a Director.
- No Director has a family member who has received any compensation during the past three years from the Company.

- No Director, during the past three years, has been affiliated with, or had an immediate family member who has been affiliated with, a present or former internal or external auditor of the Company.
- No executive officer of the Company serves on the compensation committee or the board of directors of any corporation that employs a Director or a member of any Director's immediate family.
- No Director is an officer or employee (nor has an immediate family member who is an officer or employee) of an organization that sells products and services to, or receives products and services from the Company in excess of the greater of \$1 million or 2% of such organization's consolidated gross revenues in any fiscal year.

In making its determination, the Board also considered the fact that one of our Directors, David F. Dietz, is a partner in Goodwin Procter LLP, a law firm that provides legal services to the Company. After considering the fees paid by the Company to Goodwin Procter in proportion to Goodwin Procter's overall revenues, as well as considering both the independent judgment that Mr. Dietz has exhibited during his four and one-half year tenure as a Director and his ability to maintain such independent judgment, the Board determined that the relationship between Goodwin Procter and the Company does not result in Mr. Dietz having a material relationship with the Company and does not compromise his independence.

Corporate Governance Guidelines

The Board's Nominating and Corporate Governance Committee has developed, and the full Board of Directors has adopted, a set of Corporate Governance Guidelines. The Corporate Governance Guidelines are available on the Company's website at www.circor.com under the Investors/Corporate Governance sublink.

Code of Conduct and Business Ethics/Compliance Training/Reporting of Concerns

The Company has implemented and regularly monitors compliance with a comprehensive Code of Conduct and Business Ethics which applies uniformly to all directors, executive officers (including the principal executive, financial and accounting officers) and employees. Among other things, the Code of Conduct and Business Ethics addresses such issues as conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of company assets, compliance with applicable law (including insider trading laws), and reporting of illegal or unethical behavior. The Code of Conduct and Business Ethics is available on the Company's website at www.circor.com under the Investors/Corporate Governance sublink.

In order to enhance understanding of and compliance with the Code of Conduct and Business Ethics, the Company (through a third-party provider) also maintains an on-line training program pursuant to which all directors and officers, and most managerial level employees, must take a series of courses designed to demonstrate the ways in which certain activities might run afoul of the Code of Conduct and Business Ethics. In addition, although all employees are encouraged to personally report any ethical concerns without fear of retribution, the Company, through a nationally recognized third-party provider, maintains the CIRCOR International Help Line, a toll-free "hotline" through which employees may report concerns confidentially and anonymously. In addition to facilitating communication of ethical concerns, the Help Line serves as the vehicle through which employees may communicate with the Audit Committee of the Board of Directors confidentially and anonymously regarding any accounting or auditing concerns.

Meetings of and Communications with the Non-Management Directors

The Board has determined that its non-management members will meet a minimum of two times per year to discuss any issues that might more properly be raised outside of the presence of management and has appointed David F. Dietz as Lead Director to facilitate these meetings. The Board also has established a process through which interested parties may communicate directly with Mr. Dietz. In particular, confidential communications may be sent directly to Mr. Dietz at the following address: P.O. Box 146699, Boston, Massachusetts 02114.

Communications by Shareholders with the Full Board of Directors

Any shareholders wishing to communicate directly with the Board as a whole should send their communication either to Mr. Dietz at the P.O. Box address set forth above or to the Company's corporate headquarters, Attention: Assistant Secretary of the Company. In either case, the communication should contain the specific request that the communication be forwarded to the entire Board. Mr. Dietz and/or the Assistant Secretary shall forward all such communications to the entire Board for consideration.

Nomination of Directors/Director Presence at Annual Meetings

General Criteria

The Nominating and Corporate Governance Committee does not believe it is in the best interests of the Company to establish rigid criteria for the selection of nominees to the Board. Rather, the Committee recognizes that the challenges and needs of the Company will vary over time and, accordingly, believes that the selection of director nominees should be based on skill sets most pertinent to the issues facing or likely to face the Company at the time of nomination. At the same time, the Committee believes that the Company will benefit from a diversity of background and experience on the Board and, therefore, will consider and seek nominees who, in addition to general management experience and business knowledge, possess, among other attributes, an expertise in one or more of the following areas: finance, manufacturing technology, international business, investment banking, business law, corporate governance, risk assessment, and investor relations. In addition, there are certain general attributes that the Committee believes all director candidates must possess including:

- A commitment to ethics and integrity;
- A commitment to personal and organizational accountability;
- A history of achievement that reflects superior standards for themselves and others; and
- A willingness to express alternate points of view while, at the same time, being respectful of the opinions of others and working collaboratively as a team player.

As noted in the Corporate Governance Guidelines, a majority of directors must be independent. The Committee, however, also believes that, absent special circumstances, all directors other than Chief Executive Officer should be independent.

Shareholder Nominations

The Nominating and Corporate Governance Committee will consider nominees for directors recommended by shareholders when such recommendations are made in accordance with the notice and information provisions of the Company's By-laws. In particular, a shareholder must deliver written notice of such recommendation to the Secretary of the Company, at the Company's principal executive offices, not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's Annual Meeting. Therefore, in order to be considered by the Nominating and Corporate Governance Committee for nomination as director at the Annual Meeting to be held in 2005, shareholder recommendations for director nominees must be received by CIRCOR's Secretary between December 23, 2004 and January 21, 2005. In addition, as provided in the By-laws, any such recommendation also must set forth (a) all information relating to each such shareholder nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest or is otherwise required pursuant to Regulation 14A under the Securities and Exchange Act of 1934, as amended, and Rule 14a-11 thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (b) with respect to the shareholder making the recommendation and the beneficial owner, if any, on whose behalf the recommendation is made, the name, address, class and number of shares held by such shareholder and/or beneficial owner. Recommendations that meet the criteria outlined above and meet the notice and information provisions of the Company's By-laws described above will be forwarded to the Chairman of the Nominating and Corporate Governance Committee for further review and consideration by the Committee.

Selection and Evaluation of Candidates

In addition to considering candidates recommended by shareholders, the Committee may consider candidates recommended by current directors, officers and employees of the Company and, in addition, from time to time, may utilize the services of a search firm to identify and approach potential candidates. In evaluating candidates for director, the Committee applies the skills, experience, qualifications and demeanor of the individual against the general criteria set forth above, including the particular needs of and issues facing the Company at the time. In addition, with regard to current directors, the Committee takes into consideration such individuals' past performance as a director. The Committee intends to evaluate any shareholder candidates in the same manner as candidates from all other sources.

Director Attendance at Annual Meetings

To date, our Board has not adopted a formal policy regarding director attendance at Annual Meetings. As a practical matter, however, the Board typically schedules a Board meeting either on or the day before the date of the Annual Meeting, and our Directors, therefore, are encouraged to and typically do attend the Annual Meeting. At our last Annual Meeting, which was held on April 24, 2003, all of our Directors were in attendance with the exception of Mr. Brady who, at that time, had just joined our Board and was unable to attend due to a prior commitment.

Committees

Audit Committee. The Audit Committee, which consists of Messrs. Cross, Callahan and Naugle, is directly responsible for overseeing the integrity of the Company's financial statements and for the appointment, compensation, retention and oversight of the work of the firm of independent auditors that audits the Company's financial statements and performs services related to the audit. Among other responsibilities, the Audit Committee also reviews the scope and results of the audit with the independent auditors, reviews with management and the independent auditors the Company's annual and quarterly operating results, considers the adequacy of the Company's internal accounting procedures and controls, and considers the effect of such procedures on the auditors' independence. The Audit Committee also is responsible for overseeing the Company's internal audit function and for overseeing the Company's compliance with legal and regulatory requirements. In accordance with the requirements of the NYSE, the Board of Directors, during the year ended December 31, 2000, adopted an Audit Committee Charter. During the Company's 2003 fiscal year, minor

revisions were made to the Audit Committee Charter to ensure compliance with revised NYSE and SEC requirements and to more clearly delineate the delegation of certain board functions as between the Audit Committee and the Nominating and Corporate Governance Committee. A copy of the Audit Committee Charter is attached to this Proxy Statement as [Exhibit A](#) and also is available on the Company’s website at www.circor.com under the Investors/Corporate Governance sublink. Each member of the Audit Committee is “independent” as that term is defined in both the applicable listing standards of the NYSE and the recently adopted rules of the SEC. Each member also meets the financial literacy requirements of the NYSE, and, in addition, the Board has determined that at least two of the Committee’s members, Messrs. Cross and Callahan, are “audit committee financial experts” under the standards adopted by the SEC.

Compensation Committee. The Compensation Committee, which consists of Messrs. The Compensation Committee operates in accordance with a charter which is available on the Company’s website at www.circor.com under the Investors/Corporate Governance sublink.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, which consists of Messrs. Hayes, Brady, Cross, Dietz and Naugle (all of whom have been affirmatively determined by the full Board to be independent directors), is responsible for establishing criteria for selection of directors, identifying individuals qualified to become directors, and recommending candidates to the Board for nomination as directors. In addition, the Nominating and Corporate Governance Committee is responsible for recommending to the Board a set of corporate governance principles applicable to the Company, overseeing the evaluation of the Board and management, and (together with the Audit Committee) monitoring compliance with the Company’s Code of Conduct and Business Ethics. The Nominating and Corporate Governance Committee operates in accordance with a charter which is available on the Company’s website at www.circor.com under the Investors/Corporate Governance sublink.

Further, each director is reimbursed for reasonable travel and other expenses incurred in attending meetings. Currently, our non-employee directors receive cash compensation as follows:

Annual Retainer	\$27,500
Chairman Fee (Audit Committee)	\$ 4,000
Chairman Fee (other committees incl. lead director)	\$ 3,000
Committee Meeting Attendance (Audit Committee)	\$ 1,000
Committee Meeting Attendance (Compensation and Nominating/Corporate Gov. Committees)	\$ 500
Telephonic Committee Meetings (all committees)	\$ 500

However, with respect to the most recent grant which was made in January 2004, each non-employee director received a non-qualified option to acquire 1,500 shares of Common Stock and a grant of 500 restricted stock units which are convertible into shares of Common Stock on a one-for-one basis. At his election, each director, under our Management Stock Purchase Plan, may elect to defer all or part of such director's annual retainer for the purchase of restricted stock units at a 33% discount from the closing price of our Common Stock on the date of the fee payments. Additionally, each non-employee director has received a non-qualified option to acquire 10,000 shares of Common Stock in connection with his initial appointment to serve on the Board of Directors. Those directors who are our employees do not receive compensation for their services as directors.

- (1) Bonuses are awarded under our Executive Incentive Bonus Plan (the “Bonus Plan”). Under the Bonus Plan, executives are eligible to receive a bonus up to a specified maximum percentage of base salary based on performance goals assigned by the Compensation Committee. Our named executive officers also are eligible to participate in our Management Stock Purchase Plan (the “MSPP”). Under the MSPP, executives may make an advance election to receive restricted stock units, or RSUs, in lieu of a specified percentage or dollar amount of the executive’s annual incentive cash bonus under the Bonus Plan. RSUs are issued in whole units only (fractional RSUs are returned to the participant in the form of cash) on the basis of a 33% discount to the fair market value of our Common Stock on the date the underlying bonus is paid or otherwise would be paid (the “RSU Cost”) and generally vest three years after the date of grant, at which time they are converted into shares of our Common Stock unless the executive has previously elected a longer deferral period. **The “Bonus” column on the table lists that portion of each named executive officer’s bonus that was NOT deferred into the receipt of RSUs.** The following percentage of their bonus for the fiscal year ended December 31, 2003 was deferred into the acquisition of RSUs: Mr. Bloss – 100%; Mr. Smith – 50%; Mr. Carlsen – 100%; Mr. Coppinger – 100%; and Mr. Taylor – 50%.
- (2) Represents the dollar value (net of any consideration paid by the named executive officer) of RSUs received under the MSPP determined by multiplying the number of RSUs received by the fair market value of our Common Stock of \$18.99, \$15.00 and \$23.76, respectively on the RSU grant dates of February 13, 2002, February 12, 2003 and March 5, 2004.

- (3) For the year ended December 31, 2003, RSUs were awarded as of March 4, 2004 by dividing the named executive officer's election amount by \$15.92 which was 67% of \$23.76, the closing market price of our Common Stock on March 4, 2004 (the "2003 RSU Cost"). For the year ended December 31, 2002, RSUs were awarded as of February 12, 2003 by dividing the named executive officer's election amount by \$10.05 which was 67% of \$15.00, the closing market price of our Common Stock on February 12, 2003 (the "2002 RSU Cost"). For the year ended December 31, 2001, RSUs were awarded as of February 13, 2002 by dividing the named executive officer's election amount by \$12.72 which was 67% of \$18.99, the closing market price of our Common Stock on February 13, 2002 (the "2001 RSU Cost"). Each RSU is 100% vested three years after the date of grant, and at the end of a deferral period, if one had been specified by the named executive officer or upon the named executive officer's termination of employment under the MSPP, we will issue one share of Common Stock for each vested RSU. Cash dividends, equivalent to those paid on the our Common Stock, will be credited to the named executive officer's account for each nonvested RSU and will be paid in cash to such person when the RSUs become vested. Such dividends will also be paid in cash to individuals for each vested RSU held during any deferral period.
- (4) Consists of car allowance, life insurance premiums for group term life over \$50,000 in coverage and, in the case of Mr. Bloss, tax preparation services. In addition, Mr. Carlsen's amount for 2001 includes \$36,248 of housing allowance and \$174,067 in moving expenses and allowances. Option Grants in Fiscal Year 2003

In Fiscal 2003, our Compensation Committee determined that equity incentives should be issued at the commencement of a fiscal year. As a result, whereas stock option grants had been made during the month of October in Fiscal 2002 and Fiscal 2001 and during the month of August in Fiscal 2000, the most recent equity incentives were granted in January 2004. Consequently, only 15,000 options were granted during Fiscal 2003. Of these options, 5,000 were granted in connection with the commencement of employment of one employee and the other 10,000 were granted to Mr. Brady in connection with the commencement of his service as a Director. Accordingly, none of our named executive officers received stock option grants during the fiscal year ended December 31, 2003.

Option Exercises and Option Values

The following table sets forth information concerning the aggregate number of options exercised in 2003 and the number and value of unexercised options to purchase our Common Stock held by our named executive officers at December 31, 2003.

Aggregated Option Exercises in Fiscal Year 2003 and Fiscal Year-End Option Values

Name	Shares Acquired on Exercise	Value Realized (1)	Number of Shares of Common Stock Underlying Unexercised Options at Fiscal Year-End		Value of Unexercised In-the-Money Options at Fiscal Year End (2)

COMMITTEE REPORTS

Report of the Compensation Committee of the Board of Directors on Executive Compensation

Overall Policy. The Compensation Committee reviews and approves the cash and non-cash compensation policies and programs and major changes in the Company's benefit plans that are applicable to the Chief Executive Officer, those individuals who directly report to the Chief Executive Officer, and any other individuals or groups the Committee deems appropriate based on the recommendation of the Chief Executive Officer.

The Company's executive compensation philosophy is to provide direct compensation programs and potential earnings opportunities which reflect the relative size and performance of the Company and which are aligned with increasing stockholder value. The compensation programs, therefore, are designed to attract, retain and motivate key executives to achieve strategic business initiatives that are adopted to increase stockholder

value and reward them for their achievement. In formulating and implementing its compensation philosophy, the Committee has obtained advice from Watson Wyatt & Company (“Watson Wyatt”), an independent compensation consulting firm.

Implementing Guidelines. In implementing its compensation philosophy for executives, including the Chief Executive Officer, the Committee acts according to the following guidelines:

- Determining relevant market data for the positions it reviews as set forth in published surveys of the broader general industry.
- Considering specific information on pay practices about key executive positions in peer organizations.
- Setting base salaries in light of both market data and the individual’s performance, background, experiences and personal skills.
- Providing competitive and leveraged annual incentive opportunities based on achieving performance goals that reflect stockholder value creation, the strategic direction of the Company for the year and the individual’s performance during the year.
- Providing competitive and leveraged long-term incentive opportunities which will provide rewards for increasing stockholder value, achieving long-term performance goals of the Company and assuring that executives have earnings opportunities similar to their peers at comparable organizations.

Stock Ownership Guidelines. The Committee believes that executives, as owners, will act in a manner consistent with the best interests of the stockholders. As such, the Committee believes that executives should hold prescribed amounts of Company stock and has established targets for each executive.

Specific Programs. Executive compensation packages generally consist of three components: (1) base salary; (2) annual incentive pursuant to the Bonus Plan; and (3) long-term incentives pursuant to the 1999 Stock Option and Incentive Plan. Under the Bonus Plan, executives are eligible to receive a bonus up to a specified maximum percentage of base salary based on either three or four goals assigned by the Committee for the particular year. Each goal carries equal weight. In addition, if 100% of each of the goals is achieved, the executive may achieve a bonus up to twice the maximum percentage based on the extent to which each objective is exceeded. Under the 1999 Stock Option and Incentive Plan, the Committee may grant to key personnel options with respect to the Company’s Common Stock as well as other stock-based awards such as restricted and unrestricted shares, performance shares, deferred stock awards, and dividend equivalent rights. Such stock-based awards are designed to align the interests of executives with those of the stockholders, since the full benefit of such awards cannot be realized unless the stock price appreciates. As noted previously, the Committee, during Fiscal 2003, determined that equity incentives should be issued at the commencement of a fiscal year. As a result, whereas stock option grants had been made during the month of October in Fiscal 2001 and Fiscal 2002 and during the month of August in Fiscal 2000, the most recent equity incentives were granted in January 2004. As a result, only 15,000 options were granted during Fiscal 2003 with none of these grants being to executive officers. In addition, in connection with the January 2004 and all subsequent grants of equity incentives, the Committee has decided it is in the best interests of the Company and its shareholders to adopt what it perceives as a growing trend away from the grant of stock options in favor of grants of restricted stock. Accordingly, the Committee structured its January 2004 grants such that the potential realizable value would be split equally between stock options and restricted stock units. In addition, the Committee currently intends that all future equity incentives will be in the form of restricted stock rather than options. The Company’s executives are also eligible to participate in the MSPP. Under the MSPP, which is a component plan to the 1999 Stock Option and Incentive Plan, executives may make an advance election to receive RSUs in lieu of a specified percentage or dollar amount of such executive’s annual incentive under the Bonus Plan. RSUs are issued on the basis of a 33% discount to the closing price of the Company’s stock on the day the incentive bonuses are paid or otherwise would be paid and generally vest over a three year period, at which time they are converted into shares of Common Stock unless the executive previously has elected a longer deferral period.

Compensation of the CEO. As with other executive officers, the compensation package for the Chief Executive Officer is comprised of base salary, bonus opportunity, and stock-based compensation. In determining the base salary for the CEO, the Committee, with the advice of Watson Wyatt, relied significantly on comparisons with a select group of specific peer companies as well as several reputable published compensation surveys for industrial manufacturers. In addition, the Committee considered the operating results and change in stockholder value of the Company for Fiscal 2002 in determining the CEO's base salary for Fiscal 2003. For Fiscal 2003, the Committee set Mr. Bloss' initial salary at \$447,701 with an increase to \$500,000 effective July 1, 2003. To establish the CEO's bonus opportunity, the Committee established specific goals consistent with those established for other corporate executive officers under the Bonus Plan. In determining the maximum percentage opportunity for the CEO under the Bonus Plan, the Committee considered comparable data from specific peer companies as well as other industrial manufacturers. For Fiscal 2003, the Committee set Mr. Bloss' maximum bonus opportunity under the Bonus Plan at 75%. As a result of the Company's performance against the established goals, Mr. Bloss received a bonus of \$267,736 for Fiscal 2003. At Mr. Bloss' advance election, his entire bonus was deferred into the receipt of RSUs. In line with the Committee's decision to shift equity incentive grants to the beginning of a fiscal year, Mr. Bloss did not receive any stock-based incentives during Fiscal 2003.

Policy Regarding Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits the deductibility on the Company's tax return of compensation over \$1 million to any of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. The Compensation Committee's policy with respect to Section 162(m) is to make every reasonable effort to ensure that compensation is deductible to the extent permitted while simultaneously providing our executives with appropriate rewards for their performance.

Report of the Audit Committee of the Board of Directors

The Audit Committee has furnished the following report on Audit Committee matters:

The Audit Committee acts pursuant to a written charter which initially was adopted by the Board of Directors of the Company on May 24, 2000. During the Company's 2003 fiscal year, minor revisions were made to the Audit Committee Charter to ensure compliance with revised NYSE and SEC requirements and to more clearly delineate the delegation of certain board functions as between the Audit Committee and the Nominating and Corporate Governance Committee. Pursuant to its charter, the Audit Committee is primarily responsible for overseeing and monitoring the accounting, financial reporting and internal controls practices of the Company and its subsidiaries. Its primary objective is to promote and preserve the integrity of the Company's financial statements and the independence and performance of the Company's independent auditors. The Committee also oversees the performance of the Company's internal audit capability and the Company's compliance with legal and regulatory requirements.

It is important to note, however, that the role of the Audit Committee is one of oversight, and the Committee relies, without independent verification, on the information provided to it and the representations made by management, the internal auditors and the independent auditors. Management retains direct responsibility for the financial reporting process and system of internal controls.

In furtherance of its role, the Audit Committee has an annual agenda which includes periodic reviews of the Company's internal controls and of areas of potential exposure for the Company such as environmental and litigation matters. The Committee meets at least quarterly and reviews the Company's interim financial results and earnings releases prior to their publication.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval generally is provided for up to one year and any pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. The Audit Committee has delegated pre-approval authority to its Chairperson when expedition of services is necessary. The independent auditors and management report annually to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed. All of the audit, audit-related, tax and other services provided by KPMG LLP in Fiscal 2003 and related fees were approved in accordance with the Audit Committee's policy.

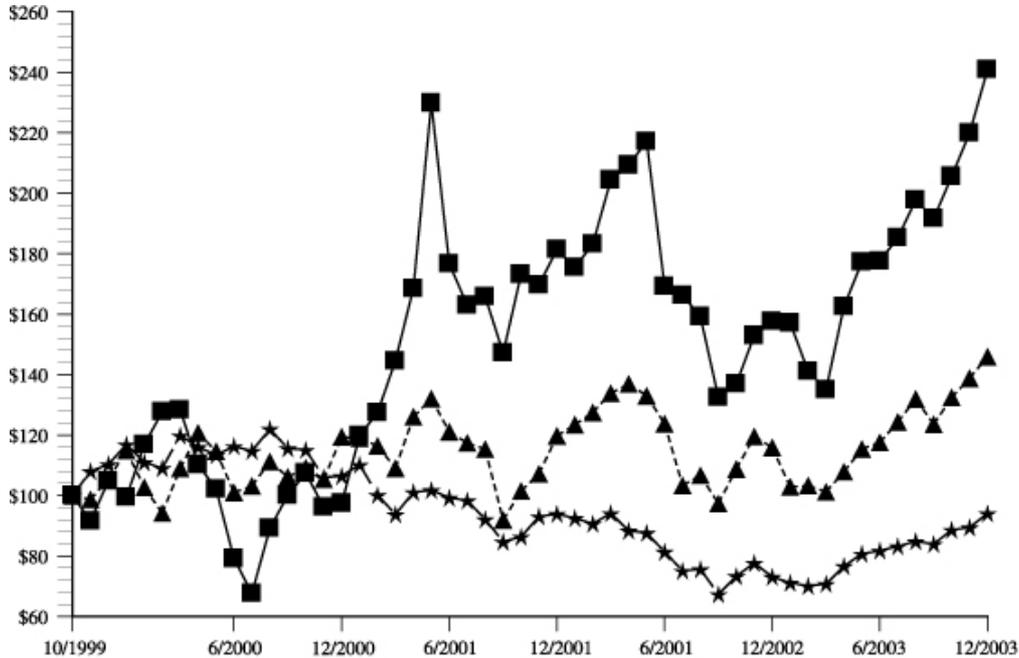

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2003 with management and it has discussed with KPMG LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) relating to the conduct of the audit. The Audit Committee also has received written disclosures and a letter from KPMG LLP regarding its independence from the Company as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with KPMG LLP the independence of that firm. Based upon these materials and discussions, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

EMPLOYMENT AGREEMENTS

On October 23, 2002, the Employment Agreement between the Company and Mr. Bloss, originally entered into on September 16, 1999, was amended and restated in its entirety. Under this agreement, Mr. Bloss serves as the Chairman, President and Chief Executive Officer of the Company for an additional term of three years that began on September 16, 2002. The Agreement will be automatically extended for additional one-year terms unless either the Company or Mr. Bloss elects to terminate it by notice in writing at least 90 days prior to the third anniversary of the Agreement or each anniversary thereafter. Since July 1, 2003, Mr. Bloss' base salary has been \$500,000. Mr. Bloss is also eligible to receive incentive compensation in an amount to be determined by our Board of Directors as well as compensation for country club initiation fees and dues and tax preparation and planning services.

Upon termination of employment due to the death or disability of Mr. Bloss, all unexercisable stock options will immediately vest and will be exercisable for one year and the Company will pay health insurance premiums for Mr. Bloss and his family for one year.

If employment is terminated by Mr. Bloss for "good reason", or if the Company terminates his employment without "cause," Mr. Bloss will receive a severance payment equal to two times the sum of his average base salary and average incentive compensation (as determined in accordance with the agreement), payable over 24 months. In addition, certain stock options and restricted stock units held by Mr. Bloss will become exercisable or nonforfeitable, and Mr. Bloss will receive additional vesting credit under the supplemental plan.

If a "change in control" (as defined in the Agreement) occurs and Mr. Bloss' employment is terminated by the Company without cause or by Mr. Bloss with good reason within 18 months of such change in control, Mr. Bloss will receive a lump sum amount in cash equal to three times the sum of his then current base salary and highest bonus during the three preceding fiscal years, all of his stock options and stock-based awards will become immediately exercisable, he will be fully vested in his accrued benefit under the supplemental executive retirement plan and will be credited with an additional 36 months of benefit service under the supplemental plan. The Company will pay health insurance premiums for Mr. Bloss and his family for three years and the Company will continue to pay Mr. Bloss an automobile leasing allowance for three years. In addition, Mr. Bloss will receive a tax gross-up payment to cover any excise tax due.

We also have entered into Change of Control Agreements with Messrs. Carlsen, Carriere, Coppinger, Glass, Nasca, Smith and Taylor. These agreements generally provide the same change of control provisions as in Mr. Bloss' Employment Agreement, except that (i) each of these agreements applies to terminations within twelve (12) months of the change of control event and does not contain a tax gross-up provision, (ii) the agreements with Messrs. Carlsen and Smith provide a lump sum payment equal to two times the sum of the executive's annual salary and highest bonus during the past three fiscal years, provide for an additional 24 months of benefit service under the supplemental plan, and provide for medical insurance and automobile allowance for a two-year period and (iii) the agreements with Messrs. Carriere, Coppinger, Glass, Nasca and Taylor provide for a lump sum payment equal to one times the sum of the executive's annual salary and highest bonus during the three preceding fiscal years, provide for medical insurance for one year, and do not provide for additional credit under the supplemental plan or for automobile leasing.

Compensation Committee Interlocks and Insider Participation; Certain Relationships

None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Compensation Committee. In addition, none of our executive officers serves as a member of the compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors. As we have noted above, Mr. Dietz is a partner of Goodwin Procter LLP, a law firm which provides legal services to the Company.

Our policy is that any future transactions with our directors, officers, employees or affiliates be approved in advance by a majority of our Board of Directors, including a majority of the disinterested members of our Board of Directors, and be on terms no less favorable to us than we could obtain from non-affiliated parties.

Pension Plan and Supplemental Plan

The Company sponsors a qualified noncontributory defined benefit pension plan for eligible salaried employees, including the named executive officers specified in the Summary Compensation Table above, and maintains a nonqualified noncontributory defined benefit supplemental plan for certain highly compensated employees, which also covers the named executive officers specified in the Summary Compensation Table. The eligibility requirements of the pension plan are generally the attainment of age 21 and the completion of at least 1,000 hours of service in a specified 12-month period. The assets of the pension plan are maintained in a trust fund at State Street Bank and Trust Company. The pension plan is administered by a retirement plan committee appointed by the Board of Directors. Annual contributions to the pension plan are computed by an actuarial firm based on normal pension costs and a portion of past service costs. The pension plan provides for monthly benefits to, or on behalf of, each participant at age 65 and has provisions for early retirement after attainment of age 55 and five years of service and surviving spouse benefits after five years of service. Participants in the pension plan who terminate employment prior to retirement with at least five years of service are vested in their accrued retirement benefit. The pension plan is subject to the Employee Retirement Income Security Act of 1974, as amended.

The normal retirement benefit for participants in the pension plan is an annuity payable monthly over the participant's life. If the participant is married, he or she will receive a spousal joint and 50% survivor annuity, unless an election out is made. Generally, the annual normal retirement benefit is an amount equal to 1.67% of the participant's final average compensation (as defined in the pension plan), reduced by the maximum offset allowance (as defined in the pension plan) multiplied by years of service (maximum 25 years). Annual compensation in excess of \$205,000 per year is disregarded for all purposes under the pension plan. However, benefits accrued prior to the 1994 plan year may be based on compensation in excess of \$205,000. Compensation recognized under the pension plan generally includes base salary and annual bonus.

The supplemental plan provides additional monthly benefits to (i) a select group of key executives, (ii) individuals who were projected to receive reduced benefits as a result of changes made to the pension plan to comply with the Tax Reform Act of 1986, (iii) executives who will be affected by Internal Revenue Service limits on compensation under the retirement plans, and (iv) individuals who deferred compensation under the qualified retirement plans. The supplemental plan is not a tax-qualified plan, and is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended. The supplemental plan is not funded.

Tier one benefits are provided under the supplemental plan to a select group of key executives. The annual benefit under tier one payable at normal retirement is equal to the difference between (x) 2% of the highest three year average pay multiplied by years of service up to ten years, plus 3% of average pay times years of service in excess of ten years, to a maximum of 50% of average pay, less (y) the annual benefit payable under the pension plan formula described above. Normal retirement age under tier one is age 62.

The following table illustrates total annual normal retirement benefits (payable from both the pension plan and from the supplemental plan and assuming attainment of age 62 during 2001) for various levels of final average compensation and years of benefit service under tier one of the supplemental plan.

(1) The annual pension plan and supplemental plan benefits are computed on the basis of a straight life annuity.

Messrs. Bloss, Carlsen, Smith, Coppinger and Taylor have ten, eight, three, three and four years, respectively, of benefit service under the pension plan (which includes years of benefit service credited under the Watts pension plan) Messrs. Bloss, Carlsen and Smith are eligible for tier one benefits. Eligible employees are currently limited to a maximum annual benefit under the pension plan of \$165,000 (subject to cost of living adjustments and exclusive of additional benefits for those individuals who participate in the supplemental plan) under Internal Revenue Code requirements regardless of their years of service or final average compensation. Accordingly, under current salary levels and law, annual benefits are limited to such amount under the pension plan (exclusive of the supplemental plan).

In addition, our subsidiary, Tomco Products, Inc., which we acquired in October 2002, maintained a qualified noncontributory defined benefit pension plan under which eligible employees generally received a normal retirement benefit in an amount equal to 26% of the highest five-year average annual compensation up to the integration level, plus 42% of average annual compensation in excess of the integration level, reduced for less than 25 years of service. Eligibility, vesting, plan options and compensation limits generally are the same under the Tomco plan as those under the Company's plan. The assets of the Tomco plan are maintained in a separate trust fund and administered by a separate retirement plan committee. Toward the end of Fiscal 2003, we merged our Tomco Products, Inc. subsidiary into our Hoke, Inc. subsidiary. As a result, we currently are in the process of merging the Tomco pension plan into the Company's pension plan. None of our named executive officers participates in the Tomco pension plan.

PROPOSAL 2

RATIFICATION OF AUDITORS

The Audit Committee of the Board of Directors has appointed the firm of KPMG LLP as the Company's independent auditors for Fiscal 2004. KPMG LLP has no direct or indirect interest in the Company or any affiliate of the Company and has audited the Company's books and records since its inception. Although action by the stockholders in this matter is not required, the Board believes that it is appropriate to seek stockholder ratification of this appointment in light of the critical role played by independent auditors in maintaining the integrity of Company financial controls and reporting. The Board of Directors therefore recommends to the stockholders that they ratify the appointment of KPMG LLP as independent auditors of the Company for Fiscal 2004. In the event that the vote of the majority of shares present and entitled to vote on the proposal are against the selection of KPMG LLP, the Audit Committee will consider the vote and the reasons therefore in future decisions on the selection of independent auditors.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of the Company's outstanding shares of Common Stock (collectively, "Section 16 Persons"), to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission and the NYSE. Section 16 Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain Section 16 Persons that no Section 16(a) reports were required for such persons, the Company believes that during Fiscal 2003, the Section 16 Persons complied with all Section 16(a) filing requirements applicable to them.

Each member of the committee shall meet the independence requirements for audit committee members as set forth by the Sarbanes Oxley Act of 2002, the New York Stock Exchange and the Securities and Exchange Commission. In addition, all members shall be financially literate (as determined by the Board of Directors in its business judgment), and at least one member shall be an audit committee financial expert (as determined by the Board of Directors with reference to the standards issued by the Securities and Exchange Commission).

II. Purpose

The purpose of the committee is (A) to assist the Board of Directors in the Board's general oversight and monitoring of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independence, qualifications and performance of the Company's external auditors, and (iv) the performance of the Company's internal auditors; and (B) to prepare the report required by the SEC's proxy rules to be included in the Company's annual proxy statement.

While the committee has the authority and responsibilities set forth in this Charter, it is not the duty of the committee to plan or conduct audits or to determine that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent external auditors are responsible for auditing the Company's annual financial statements and for reviewing the Company's unaudited interim financial statements.

III. Authority and Responsibilities

In furtherance of its purpose, the committee shall have the following authority and responsibilities:

1. To select the independent auditor to examine the Company's accounts, controls and financial statements. The committee shall have sole authority and responsibility for selecting, evaluating and (if necessary) replacing the independent auditor and for approving all audit engagement fees and terms. In addition, the committee, or the chairman of the committee, must pre-approve any non-audit service proposed to be provided to the Company by the independent auditor, taking into consideration whether such service is compatible with the auditor's independence.
2. To review with management and the independent auditor the Company's annual audited financial statements and quarterly financial statements. This review should include the auditors' assessment of the quality and consistency of the Company's accounting principles, any audit problems or difficulties and management's response, as well as the Company's major areas of financial risk and the Company's methods for monitoring, evaluating and minimizing these risks.
3. To review with management and the independent auditor, as appropriate, all earnings press releases and any earnings guidance provided to shareholders and other outside parties.
4. To review with management and the independent auditor, prior to filing, the Company's quarterly reports on Form 10-Q and annual reports on Form 10-K, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations."

5. To recommend to the Board, based on its review of the audited financial statements and its discussions with management and the independent auditor regarding the audit, whether or not the audited financial statements should be included in the Company's annual report on Form 10-K.
6. To prepare and publish a report of the committee required to be included in the Company's proxy statement for its annual meeting of shareholders.
7. To periodically review and discuss with management and the independent auditor the adequacy of the Company's internal controls and compliance initiatives.
8. To periodically review and discuss with management and the independent auditor any material contingent liabilities of the Company.
9. To periodically review with management (including the Company's in-house legal counsel) the Company's compliance with legal and regulatory requirements and any material litigation to which the Company is a party.
10. To periodically review and discuss with management and the independent auditor the Company's financial reporting and accounting policies, any significant changes in accounting policies or their application, and key accounting decisions affecting the Company's financial statements, including alternatives to and rationale for decisions made.
11. To periodically review and discuss with management and the independent auditor material written communications with management such as the independent auditor's management letter and unadjusted audit differences.
12. To discuss with management and the independent auditor all major issues regarding financial reporting, judgments, and presentation, including material off-balance sheet transactions or other relationships, as well as the effect of regulatory and accounting initiatives.
13. To review and investigate any matters that relate to or have the likelihood to affect the integrity of the Company's financial statements, financial reporting process or internal controls.
14. To obtain annually from the independent auditor a written report regarding the auditing firm's internal quality control procedures, peer reviews of the firm, and any regulatory reviews, including any material issues raised regarding internal quality control procedures during the past five years.
15. To review annually all relationships between the independent auditor and the Company in order to assess auditor independence.
16. To review and approve the scope, staffing and budget for the Company's internal audit function, and to review with the internal auditors and management the results of all internal audits.
17. To review the adequacy of this charter and the performance of the committee on an annual basis. The committee shall conduct and present to the Board of Directors an annual performance evaluation of the committee.
18. To establish procedures for (A) the receipt, retention, and treatment of complaints received by the company regarding accounting, internal accounting controls, or auditing matters; and (B) the confidential, anonymous submission by employees of the company of concerns regarding questionable accounting or auditing matters.
19. To establish clear policies relative to the company's ability to hire employees or former employees of the independent auditors.

The committee shall have full authority to retain such outside counsel, experts and other advisors as it may deem appropriate in its sole discretion including full authority to approve the fees and other terms related to any such engagement and to receive funds from the Company for the payment of such fees.
