Explanation of Responses:

- The option vests in equal annual installments over a 5-year period commencing 10/29/2000
- The option vests in equal annual installments over a 5-year period commencing 8/2/2001
- The options are Performance Accelerated Stock Options (PASO's) which vest 7 years from the date of grant or earlier if certain performance criteria of the issuer are met.
- The options vest in equal annual installments over a 5-year period commencing 10/23/2003
- Restricted Stock Units (RSU's) are issued pursuant to the issuer's Management Stock Purchase Plan (MSPP). Under the MSPP, executives may make an advance election to receive RSU's in lieu of a specified percentage or dollar amount of the executive's annual incentive cash bonus under the bonus plan applicable to the executive. RSU's are issued in whole units only on the basis of a 33% discount to the fair market value of the issuer's Common Stock on the date the underlying bonus is paid or otherwise would be paid and generally vest 3 years after the date of grant, at which time they are converted into shares of the issuer's Common Stock unless the executive has previously elected a longer deferral period. The date reflected above is the current deferral date selected by the reporting person--this deferral date may be further extended in advance by the reporting person.
- Each RSU automatically converts into one share of Common Stock on the vesting date (or longer deferral date previously selected by the reporting person). The conversion price shown above is based on a per share price equal to a 33% discount from the fair market value of a share of the issuer's Common Stock on the date of grant.
